**GUATEMALA** Arturo Felipe Molina (m), aged 23 - seriously injured  
Other peasant farmers belonging to the *Asociación de la comunidad de los Cerritos*, the Cerritos Community Association, associated with the *Comité de Unidad Campesina*, Peasants' Unity Committee (CUC)

---

Arturo Felipe Molina, a member of the community organization, *Asociación de la comunidad de los Cerritos*, the Cerritos Community Association, has been attacked on the *Las Quebradas* plantation. He is currently in a critical condition in hospital. This appears to be another example of serious intimidation by plantation security personnel against peasant activists involved in the occupation of the *Las Quebradas* plantation over recent months.

At 8.30am on 11 August, Arturo Felipe Molina was shot and seriously injured as he farmed a plot of land on the *Las Quebradas* plantation. He had been involved in the occupation of the *Las Quebradas* plantation, where 236 families presently occupy the land in an attempt to press the government to recognize what they believe is their right to cultivate the land.

*Las Quebradas* is the property of a woman with US nationality and the entrance to the plantation is manned by private security personnel, who are thought to be responsible for this shooting, and for other recent killings of peasant activists. All of the victims have been members of the *Asociación de la comunidad de los Cerritos*, the Cerritos Community Association. Guatemalan peasant organizations believe that the attack is an effort to intimidate local land activists to stop the occupation of the plantation.

#### **BACKGROUND INFORMATION**

Land conflict in Izabal department has now claimed the lives of six land activists since April 2001. Most recently three peasant activists were shot dead, reportedly by plantation security personnel (see original UA, and UA 205/02, AMR 34/042/2002, 8 July 2002). In March 2002 land activist José Benjamín Pérez González of the neighbouring Languin II banana plantation was reportedly shot first by the National Civil Police and then in the head by a local ranch owner (see UA 90/02, AMR 34/020/2002). To date, none of those who ordered the crimes have been brought to justice.

#### **FURTHER RECOMMENDED ACTION: Please send appeals in Spanish or your own language:**

- calling on the government to investigate the attack against Arturo Felipe Molina, and those responsible to justice;
- urging the authorities to take immediate measures to guarantee the safety of Arturo Felipe Molina and other members of the *Asociación de la comunidad de los Cerritos*, Cerritos Community Association and other peasant occupations in the Izabal department;
- urging the authorities to investigate allegations of a pattern of abuse and intimidation in the Izabal Department, including at the *Las Quebradas* plantation by plantation security personnel;
- pressing the authorities to investigate all those involved in all recent killings of peasant activists and those responsible to justice;

- reminding the authorities that under Guatemalan legislation, private security forces have the responsibility of the authorities to ensure proper and effective control over them;  
 - urging the authorities to take action to peacefully resolve the land disputes in the face of these violations.
